Thank you for your support!

In 2015, BCTC launched the Aspiring and Emerging Artists Touring & Training Initiative (AEA). The AEA program develops and enhances skills for aspiring and emerging artists, while offering an opportunity to work alongside creative professionals. As part of the AEA program, BCTC engaged youth from around the province. These young people are co-creators and influencers in helping shape our programs, and they provide valuable input for future initiatives.

Over the next ten years, BCTC would also like to encourage and support more young people in getting involved in touring and presenting in BC. We want to nurture and inspire emerging artists and presenters with our The Next 10 Legacy fund. The fund will be used to:

- Create more professional development opportunities that offer specialized training, mentorship and support in developing leadership skills. This includes the continuation of the On the Road Touring & Training workshops, as well as developing new workshops and resources for emerging presenters.
- Provide scholarships and subsidies to participate in Pacific Contact, regional meetings or other networking events. We will engage youth in programming at the conference, and seek their input and feedback.
- Assist with the development of a peer support network for emerging artists and young presenters by providing a structure, process, support and resources.
- Supporting creative and innovative ideas by providing resources and support to develop ideas into reality.

I want to build BCTC's **the Next 10 Legacy Fund**
