

## Planning ahead at the Lougheed Centre

The Lougheed Centre is planning for the future and we need your input to make this happen.

We are here to provide access to the performing arts in our community. How things would look when events are opened to the public depends on a variety of factors. There are only 13 questions in the survey.

How you feel about this situation may change over time; please respond to these questions based on your current feeling. Thank you!

Note: Information you provide in this survey will be compiled together with all responses. We do not sell or release private information. See our privacy policy here:
